

General Specifications

Special rollers developed for miniature conveyors made with 45*45 profiles are designed in accordance with the motors and reducers that enable the movement of the belts. You can see the drum lengths produced as standard in the table below.

Stock Code	Stock Name	Belt Width	A	B	L	L1	ØD	Ød	Weight (gr)	Material
3.008.02.045.135.02	-Ø51 Flanşlı Minyatür Tahrik Tamburu	130	17	17	230	133	51	14	721	Alüminyum
